**Recibe las encuestas de
manera directa, ingresa a
nuestro canal**

Sistema de encuestas probabilísticas, sistemáticas y por conglomerados con representatividad en los 56 municipios más importantes del país presentando resultados cada uno, con una muestra probabilística de 1,000 entrevistas efectivas en cada municipio. El levantamiento de información combina entrevistas telefónicas y redes sociales permitiendo una entrevista por persona. Este método permite obtener respuestas de los diferentes grupos sociales que componen la población objeto de estudio.

Nivel de confianza estadística: 95 %

Error máximo por municipio: +- 3.09 %

Periodo de levantamiento: del 01 al 6 de Julio de 2023.

Fecha de publicación: 7 de Julio 2023.
